

BridgePoint Center for Eating Disorders

Description:

BridgePoint Center for Eating Disorders has been established to provide intensive rehabilitation through a community-based, team approach which integrates professional support with self-help/peer support. We are a non-profit organization providing support services to individuals with eating disorders. We are a community-based organization in partnership with Midwest District Health and Saskatchewan Health, to deliver programming for a three-year demonstration project. BridgePoint is part of the continuum of services for eating disorders offered in the province of Saskatchewan. Programming offered includes: Interim residential intensive rehabilitation, Relapse Prevention Weekends, Peer Support Retreat Weekends, Integrative follow-up services, Awareness and Education, Resource/Information Center, Evaluation Process. Our Philosophy: Supporting individuals through a multidisciplinary team approach, involving health professionals and peer support workers. To ensure quality, flexibility, ope
