

Pacifica Recovery Intensive Outpatient Eating Disorders Program

Description:

Intensive Outpatient Eating Disorders Program that meets 5 evenings a week from 5:45 PM to 9:00 PM. An evening supervised meal is a component of the program. The program is designed for those clients who do not need inpatient or day treatment, and who need more support than individual therapy. The evening program is structured so participants can remain in school or at work while addressing their issues. The program is located in historical building in the college town of Claremont California. The schedule for each participant is individualized and may vary from 2 to 5 evenings a week. We are contracted with most health plans
