

The Renew Center of Florida

Description:

At Renew Center of Florida we have developed a unique approach to the treatment of a variety of mental health and relationship issues specifically pertaining to eating disorders, trauma, addictions, and behavioral health concerns, and life cycle issues. Our methods uniquely blend eastern and western philosophies of healing and with an emphasis on collaboration, creativity, discovery, and utilization of your strengths and resources to aid your recovery. Our program core emphasizes principles of vitality and brief therapy strategies that individuals can learn and integrate into their lives long after treatment is over. They include methods of developing knowledge, and techniques to outwit problem areas and quickly change their course to achieve relief and happiness.

Individuals who attend Renew may have attended previous treatment centers in the past, or may be coming for the first time. Either way, our speciality is helping individuals, even the most severe cases, achieve their goals
