

## **Eating Addictions Anonymous**

### Description:

EAA is a 12 step fellowship for people suffering from all forms of eating addiction and from body image obsession. We believe we are addicts who use abuse our bodies with eating, starving or purging. Recovery is possible by working the 12 steps.

Recovery is above all about honesty

If we can be painstakingly honest about ourselves - we can be truly free from our defects & the compulsion to abuse ourselves.

There are no dues or fees for EAA membership.
