La Ventana offers Outpatient Day treatment five days a week from 10am to 4pm. We also have a beautiful transitional living home in Malibu California. You may live in the house with other women dealing with eating disorder behaviors while attending our outpatient treatment center less than twenty minutes away. We also offer Intensive outpatient in the evening for those who are able to hold jobs or go to school during the day. We meet from two to five days a week between 5:30 and 8:30 in the evening. You may live in our house or attend if within driving distance. Our clinical director, Candy Bartole, has almost twenty years experience in dealing with eating disorders and is well known for her integrity and expertise in the field. We offer cooking classes, we eat meals together, and provide a warm loving environment in which to heal.

A new life awaits you at La Ventana Eating Disorder Programs.
