

## **ACM-Woodleaf Eating Disorder Center San Francisco**

### **Description:**

The ACM Woodleaf Eating Disorder Treatment Center in San Francisco provides intensive outpatient services for Bulimia, Anorexia and Binge Eating Disorder. Our eating disorder treatment program is designed for people who work and/or go to school because we have a convenient evening schedule. We also offer a summer day program lasting 2-3 months for students summer break. Our program offers group psychotherapy, nutritional counseling, meal planning, medication consultation, aftercare case management and intensive treatment planning and goal setting. We are a supportive non-hospital setting and we accept all form of insurance which often covers the entire cost of treatment in our program. Call us today for a free phone consultation with one of our intake counselors. Recovery is possible and affordable, help is just a call away.
