

Fairwinds Treatment Center

Description:

JCAHO Licensed by the state of Florida The program is a medical-recovery model based on the concept of a multi-disciplinary team approach. The goal is to treat both adolescent and adult, female and/or male patients with anorexia or bulimia nervosa (either the restricting or binge-eating/purging types). The mission of the program is to provide patients suffering from an eating disorder with a quality residential treatment that is sufficiently lengthy to permit the patients to attain recovery. Fairwinds eating disorder program is able to meet the specialized needs of eating disordered patients who may have co-occurring chemical dependency and or psychiatric issues. Fairwinds provides for a home-like intimate environment within a highly structured medical model.
