

Atlanta Center for Eating Disorders

Description:

The Atlanta Center for Eating Disorders (ACE) is an intensive outpatient treatment center in Atlanta, Georgia. The ACE program has been designed to utilize the most powerful, cost effective, yet least restrictive forms of treatment. Options include Partial Hospitalization (6-8 hours/day), Intensive Outpatient (1-4 hours/day) and Outpatient (Individual therapy, extensive choice of groups, Nutritional Assessment and counseling, family and couples therapy). Family and individual therapy available in Alpharetta and Decatur locations. Starting June 2008, the ACE B&B is open to program participants needing local, affordable accommodations. See website or call for more details.
