

GenPsych PC

Description:

The Eating Disorders Program at GenPsych, PC is a comprehensive, evidence based, and multidisciplinary program for adults and adolescents in New Jersey. Our program offers integrated services including: dietary counseling, education, medication management, rehabilitation counseling, individual and group therapies, and family support services. Our highly skilled licensed staff specializes in the treatment of Anorexia Nervosa, Bulimia Nervosa, and eating disorders not otherwise specified. We offer both a three hour Intensive Outpatient Program three times per week and a five and a half hour Partial Hospitalization Program five times per week.

At GenPsych, PC we believe it is imperative to engage families in treatment and offer weekly family education and therapeutic sessions, in addition to ongoing individual and group sessions. We provide frequent nursing and medical supervision by highly trained medical staff. This program is currently offered at Bridgewater and Lawrenceville.
