

Canopy Cove

Description:

Canopy Cove is a unique, Christian-based eating disorder treatment program designed for males and females struggling with anorexia, bulimia, binge eating disorders and co-existing diabetes. Canopy Cove's comprehensive program includes multiple treatment levels and both partial-hospitalization and residential treatment choices. The treatment program is individualized to meet specific needs of each client and includes: individual and family therapy, group sessions, dietary counseling and daily meal groups. Located in Tallahassee, Florida, Canopy Cove incorporates art, music, spirituality and movement therapy as well as nature, therapeutic field trips and equine-assisted therapy year round.
