

A New Journey

Description:

A New Journey (ANJ) center for eating disorder treatment in Santa Monica CA. Personalized partial day treatment, support groups, intensive outpatient and transitional living for people recovering from anorexia, bulimia, binge eating disorder, and co-occurring mental illnesses.

ANJ offers personalized treatment, luxurious facilities, caring professionals, and flexible programming designed to support your journey to recovery. Immerse yourself in a healthy, supportive therapeutic setting that encourages emotional growth, healing, and balanced living. Our sophisticated model delivers psychotherapy, nutritional restoration and psychiatric oversight within a respectful and compassionate environment that honors every clients'™ dignity. For clients with scheduling challenges we offer flexible programming. We also work closely with clinicians and care providers to ensure continuity of care. Recovery is a journey, take the next step in your recovery.
