

**M. Christine Tuck, MS, PC**

**Description:**

I recently moved from the state of Washington where I had a private practice. I co-directed an eating disorders group and did individual counseling concerning eating disordered issues. I have worked with children, adolescents and adults with these concerns. I am currently finishing the requirements for my PCC license in the state of Ohio. I now have the equivalent of a PC license in this state. I am very happy to continue working with people who have these concerns.
